- Collaboration: I embrace working as a team to deliver quality products
- Open-Mindedness: Receptive to new ideas and approaches.
- Problem-Solving
- Attention to Detail
- Critical Thinking
- Able to prioritise work to ensure tasks are completed on time
- Performs delegated task with minimal supervision

EXPERIENCE

Full Stack Developer Intern
May 2024 to Current
My Mind Capsule – Nairobi, Kenya
- Developing and maintaining responsive web applications using HTML, CSS, JavaScript, and frameworks like React and Next.js.
- Writing type-safe, efficient code with TypeScript for both client-side and server-side development.
- Leveraging PocketBase for backend tasks, including managing databases and implementing authentication.
- Handling API integrations to enhance data fetching and state management with tools like React Query.
- Designing and implementing state management solutions using libraries like Redux and React Query for seamless data handling.
- Building and validating intuitive forms using React Hook Form, with robust error handling and user feedback.
- Optimising front-end performance and scalability to ensure seamless user experiences.
- Managing dynamic UI states, including loading, error, and success scenarios, to improve interactivity and reliability.

- Collaborating with colleagues to build applications from design to fully functional products.
- Utilising semantic HTML, optimising page structure, and adhering to accessibility standards to implement SEO principles and enhance search engine visibility.
- Debugging using browser dev tools, ensuring smooth performance and addressing issues efficiently.

Pharmaceutical Technologist
February 2021 to July 2023
Danamed Chemist Limited — Nairobi, Kenya
- Ensured accurate and efficient management of prescriptions and medications, demonstrating strong attention to detail and adherence to regulatory guidelines.
- Communicated clearly and effectively, providing written and verbal advice to patients, showcasing strong interpersonal and customer service skills.
- Organised and maintained detailed records, including inventory and controlled substances, emphasising strong organisational abilities and data management.
- Managed inventory and ensured timely restocking, demonstrating an ability to handle tasks with precision and efficiency.
- Delivered exceptional customer service by answering queries and managing patient profiles, showcasing empathy, problem-solving, and user-focused service.

Pharmaceutical Technologist
December 2017 to January 2021
Citymed Pharmacy Limited — Nairobi, Kenya
- Managed daily orders and verified deliveries, demonstrating strong attention to detail and process accuracy.
- Handled tasks involving pricing, organising, and processing prescriptions, showcasing efficiency and organisational skills.
- Provided clear, informative advice on medication usage, highlighting strong communication and customer support skills.
- Responded to phone inquiries, handled patient orders, and managed requests, demonstrating problem-solving and customer service capabilities.
